Starting a Resource Sharing Plan with ICARE

1. Have a detailed outline of study aims and research plan

2. Apply

3. Discuss data availability and project feasibility
   - Project is feasible
   - Project is NOT feasible

4. Present request at an ICARE meeting via videoconference
   - Project is NOT feasible

5. Revise study aims and research plan
   - Project is NOT feasible
   - Project is feasible

6. Present request at an ICARE meeting via videoconference
   - Project is NOT feasible
   - Project is feasible

7. Approved.
   Discuss next steps for approvals by IRB and other relevant agencies, data transfer agreement, and financial support.
